Sustainable Futures Presents...

Agri-Food Sustainability: 'Making it Happen'

The feedback event sharing how the Agri-Food supply chain has collaborated in Yorkshire, focusing on innovation, reducing costs, adding value and producing "More from Less".

- **Support for the whole supply chain** - Encouraging collaboration that results in measurable benefits for all partners
- **Champions of Innovation** - Promoting technology and novel production methods that minimise cost, maximise production and increase shared profit
- **Focus on the key inputs** - Conserving resources today, to ensure the viability of our food supply in the future
- **Profiting through sustainability** - Developing a resilient food and farming industry that invests in the environment, making space for nature to thrive

Event kindly sponsored by our project partners

**SUSTAINABLE
FUTURES**
FOR FOOD & DRINK THAT DOESN'T COST THE EARTH
